

Aromatherapy Order Form for You and Your Pets

How to select from the range developed by Jacqueline Molony

First take some time to list or recognise all emotional problems, and the same with the physical problems and any mental problems, then select the oil that has been hand made for the problem, to soothe and heal the problem away naturally.

Please also note that for some of the physical problems your oils may need to be mixed with a cream base in order to give an effective application.

Once you have selected the oil / oil blend that you require ordering could not have been made more simple. You just need to send your order form to shiatsu-for-people-horses-dogs@hotmail.co.uk (please make sure you send your order payment upon ordering) or you may post it together with your payment to: Roseheart Kingdom, 'Therapy Centre for People & Animals', Bucknell, Shropshire, SY7 0BN, UK.

If you cannot find your problem on the example list please call Jacqueline on 01547 530871 to discuss whether or not Aromatherapy can assist you and the problem you have encountered.

Upon receiving your order your oils should be with you between 2 – 5 working days. You will be sent the guidelines for usage and application along with your order.

For further help call: 01547 530871 or 07721 739973

You may also email at shiatsu-for-people-horses-dogs@hotmail.com

Warning: These oils are not for burning, they are for healing purposes only. All remedies are natural substances extracted from natural flowers and plants and that these remedies do not replace any medication / medical practices.
